Quality	Smooth inner surface Both ends fitted with Storz coupling
Size	3" diameter
Length	20m
Temperature range	-25°C up to 60°C
Operational pressure	Min 3bar, 6bar for 20°C better

### Specifications for the Spiral Hose

Resistance to vacuum	20°C: 90%
----------------------	-----------

### Specifications for Tap Stands

Type	6 Self-closing taps
Material	Galvanized steel water pipes
Size of pipes	1.1/4" in diameter
Length	20m
Accessories	<ul style="list-style-type: none"> <li>• Couplings and clamps included</li> <li>• Terminate with a 1.1/4" BSP coupling</li> </ul>
Coupling for tap stands	<ul style="list-style-type: none"> <li>• Thread, male</li> <li>• Diameter: 1.1/4"</li> <li>• Material: HDPE (high density polyethylene)</li> </ul>

### Packaging Information

The tank, with all the accessories included:

1 x box or plywood crate:

Dimension (m): 1.20 x 0.80 x 1.1

Volume (m<sup>3</sup>): 1.06

Weight (kg): 156

The items to be packed in one heavy duty box or plywood crate case, securely strapped and sealed, clearly marked with IOM standard markings in both front and back of the crate case.

Marking on the package must include the following details:

1. Indicate IOM's horizontal Logo
2. Item name and material code, Bladder Tank - 4700000058
3. PO number and Quantity
4. Batch number and Manufacturing date
5. Packing units: To be marked with consecutive numbers (i.e 1/20, 2/20...)
6. Indicate gross weight and dimensions.

Do NOT include logo of the vendor. Marking must remain readable and well fixed on the box after minimum 10 handlings.
